

Dear Homeowner,

The purpose of Rebuilding Together Saratoga County's (RTSC) Home Repair Program is to help people remain in their home by offering critical home repairs to keep them warm, safe and dry. The repairs focus on health and safety issues, code violations and energy efficiency improvements.

To determine your eligibility in this program, you must fill out the application included in this packet. We will conduct an initial home visit to assess the condition of your home and requested repairs. If we determine we can provide assistance, funding will be secured through public funds, donations, and grants. These funds will only be used for agreed upon repairs. Funds cannot be used for general remodeling, additions or other work not necessary to address health and safety issues, code violations and energy efficiency improvements.

Some projects receive funding through grants and there are times when these funding agencies require a lien to be attached to the property, satisfied by your residency. All information supplied to RTSC will remain strictly confidential.

Please mail your completed application to:
Rebuilding Together Saratoga County

Eligibility for assistance is determined on the basis of household size and income. If your application is accepted, prior to the project start date, you will be asked to verify your household's total yearly income. The materials listed below will be **requested at a later date**. This list is provided to you now so you are aware of what we will need; please save this page for future reference.

Please keep this page for your records.

INCOME DOCUMENTATION REQUIREMENTS

Eligibility for assistance under Rebuilding Together Saratoga County's Home Repair Program is determined on the basis of household size and income. **Each resident over the age of 18 living in the house must provide complete documentation of all his/her income.**

A complete, signed copy of the latest federal tax return with all schedules and attachments (W-2, 1099, etc.) should be provided as basic income documentation. In the case that you do not file a tax return, RTSC will ask you to sign a form certifying such.

The tax return does not document current income; and it might not include some income sources that are non-taxable, but which must be considered as part of the household income for this program. Below is an outline of additional documentation that should be provided for different types and sources of income:

SALARY or WAGES - copies of current payroll stubs, statements from employers or other documentation as required to establish the current income for each adult member of the household

SOCIAL SECURITY - a statement of benefits for the preceding year and the current year with copies of current checks to establish the gross benefit (before deductions for Medicare insurance).

PENSIONS - statements detailing the payments received during the preceding calendar year and current payments for pensions, IRA's, annuities and any other retirement benefits.

UNEMPLOYMENT or DISABILITY - statements detailing the payments received during the preceding calendar year and copies of checks received for unemployment, disability or worker's compensation. Adjustments may be required to reflect temporary conditions that are not an accurate reflection of the current or potential household income.

PERSONAL ASSETS - details of all personal assets including documentation of current values and income generated during the previous year. Income will be projected for the current year and may be imputed for those assets that do not generate current interest or dividends.

INCOME FROM REAL ESTATE - details of all income from rental properties owned by the applicant. The net amount of that income after deducting actual cash expenses related to each property must be included in the household income.

BUSINESS INCOME - details of all income from business activities, including documentation of revenues and expenses must be provided. Net business income will be calculated on a cash basis without deductions for non-cash expenses including depreciation, amortization, etc. Adjustments may be made to offset personal or household expenses charged to the business.

OTHER INCOME - details of all income from any other source (eg: alimony, child support, rent supplements, education benefits, lottery payments, etc.) received by or on behalf of any adult member of the household during the preceding calendar year and projected for the current year.

Again, please note, this documentation is not needed at the time you submit your application. RTSC will review your application and make a preliminary determination of eligibility for assistance. RTSC will conduct a site visit to your home, secure funding, and set project dates. RTSC will request income documentation to assure the correct household income is being used prior to the start of your project. If proper income documentation is not provided, RTSC reserves the right to reject the application.

Please be sure to fill in every section. Use N/A if it does not apply
